

## Call for Papers

Dear Colleague,

EPOKA University, Institute of Geosciences of Albania, University of Perugia, Polytechnic University of Bari, University of Novi Sad, Ss Cyril and Methodius University, "Gheorghe Asachi" Technical University of Iasi and University of Prishtina, are jointly organizing the **4<sup>th</sup> INTERNATIONAL BALKANS CONFERENCE ON CHALLENGES OF CIVIL ENGINEERING (4-BCCCE)** on **18-19 December 2020**. Built upon the success of the previous BCCCE conferences, this event promises a wide range of topics on civil engineering and an international audience of academicians and practitioners worldwide.

We appreciate your interest in the conference and believe that the conference will be beneficial to you by providing the state-of-the-art information on different areas and challenges in civil engineering. We are also hopeful that the conference will present to you many scientific research collaboration opportunities.

We look forward to your participation at this excellent forum for exchanging ideas and advances in the field of Civil Engineering, and warmly invite you to join us.

### Topics

- **Structural and Earthquake Engineering**
- **Construction Management and Technology**
- **Construction Materials**
- **Geotechnical Engineering**
- **Transportation Engineering**
- **Historical and Monumental Buildings**
- **Disaster Risk Management**
- **Impact of Climate Change on Built Environment**
- **Sustainable and Life Cycle Assessment**
- **Innovative Practices in Construction Industry**

### Important Dates

- Full Paper Submission: **November 30, 2020**
- Notification of Acceptance: **December 08, 2020**
- Conference Dates: **December 18-19, 2020**
